

**227 Physical therapy, ergotherapy****BA Study Programme**

<b>№</b>	<b>Discipline</b>	<b>Credits</b>	<b>Semester</b>
1.	University Studies	4	1
2.	Ukrainian Studies	6	1,2
3.	Philosophy Studies	4	6
4.	Foreign Languages	10	1,2
5.	Physical Education	4	1,2
6.	Human Anatomy	8	1
7.	Normal Physiology and Developmental Physiology	6	2
8.	Pathological Anatomy and Physiology (for professional purposes)	6	2
9.	Basics of Medicine	4	1
10.	Medical Law and Deontology	4	2
11.	Latin and Medical Terminology	4	1
12.	Physiology of Motor Activity	4	2
13.	First Aid	4	3
14.	Basics of Physical Therapy	4	3
15.	Methods of Physical Therapy	4	4
16.	Biomechanics and clinical kinesiology	4	3

17.	Biochemistry of motor activity	4	5
18.	Instrumental methods of functional diagnostics and treatment	4	4
19.	Organization of rehabilitation institutions	4	4
20.	The internal and surgical diseases (for professional purposes)	4	5
21.	Rehabilitation in internal organs and surgical diseases	6	5,6
22.	Traumatology and orthopedics (for professional purposes)	4	6
23.	Neurology and neurosurgery (for professional purposes)	4	7
24.	Therapeutic massage	4	5
25.	Restorative treatment in musculoskeletal system dysfunctioning	8	7
26.	Restorative treatment in nervous system dysfunctioning	8	8
27.	Clinical rehabilitation management at different nosologies	4	7,8
28.	Rehabilitation services models (based on international classification)	4	4
<b>"Kinesiology" as additional specialization</b>			
29.	Psychological basics of physical therapy	4	3
30.	Preformed physical factors	4	3
31.	Therapeutic exercises	4	3
32.	Kinesiological taping	4	4
33.	Rehabilitation massage	4	4,5

34.	Sports Medicine	5	5
35.	Sports Traumatology	4	6,7
36.	Alternative means of rehabilitation	4	6
37.	Insurance, Movement and Positioning in Physical Therapy	4	6,7
<b>“Ergonomics” as additional specialization</b>			
38.	Basics of ergotherapy	4	3
39.	Basics of correctional pedagogy	4	3
40.	Basics of social work	4	3
41.	Basics of speech therapy and defectology	4	4,5
42.	Social psychology and psychology of work	4	4
43.	Home care for patients and the disabled	5	5
44.	Environment formation for the patients and the disabled	4	6,7
45.	Basics of management, marketing and administration in ergotherapy	4	6,7
46.	Technical equipment in ergotherapy	4	6
