

## **Bachelor's degree program 023.00.01 «Fine arts» in Ukrainian**

Bachelor's degree program 023.00.01 "Fine Arts" in Ukrainian is also offered for training of foreign citizens. It combines the best classical and contemporary approaches to mastering of various techniques of drawing, painting and printed graphics, modern art, 3D art objects with the introduction of digital art and VR technologies to train competitive professionals in accordance with international standards. The program follows the latest requirements to proportion of theory and practice, has an experimental and innovative nature.

Practical classes take place in educational workshops: drawing and painting; printed graphics and printing; artistic ceramics and metal enameling; jewelry art. The classrooms are equipped with professional appliances and tools: studio easels, tablets, plaster casts; electric potter's wheel, kilns for firing ceramics, muffle kiln for horizontal loading of firing enamels, etc.

The program provides annual open air events in picturesque parts of Ukraine. Future artists have the opportunity to be taught by acknowledged masters of the craft, including Folk and Honored artists of Ukraine, PhDs and doctors of science well-known in Ukraine and abroad which will contribute to successful employment of graduates in art institutions around the world.

### **Learning conditions:**

***Term of study:*** 3 years 10 month (determined by the program and curriculum)

***Form of study:*** full-time.

***Forms and methods of the educational process organizing:***

The educational process is dominantly made up of practical classes in drawing and painting, master classes from invited professionals are also previewed. Students will gain experience of working with plastic materials. The program previews the implementation of creative projects, participation in art exhibitions and competitions. Different types of practice (educational, labor and pedagogical) are important components of the program.

In case of successful implementation of the curriculum (full course of theoretical and practical training and final attestation) graduates receive a standard document on the award of a bachelor's degree with the qualification: Bachelor of Fine Arts in "Fine Arts, Decorative Arts, Restoration", teacher of fine arts - painter or graphic artist.
